

# Deliciously Presented

## The Catalyst for change

**PromoSeal®** is a printed self-adhesive merchandising band that ensures closure on all types of containers. **PromoSeal®** locks in the flavor of your product, and locks out unwanted spills, shrinkage and tampering.

**Put a new twist on packaging** by providing eye-catching graphics to capture the impulse shopper or build sales on slow moving items by combining them with your hottest brands.

Serve up new ideas by cross merchandising products from the bakery, deli or produce departments with **PromoSeal®**.
